Fabulous and spacious premises in Las Laguna and close to Fuengirola. It is a large 187 m2 premises with pre-installation for a bathroom, ideal for, for example, a gym for various martial arts, a dance school, a huge warehouse, an academy, etc. The ceiling has a height of about 4.5 square meters and, although it is sold separately, it communicates through a 2 m2 corridor with the adjoining 135 m2 premises. In case of buying the two together, we would already have a super local of 322 m2.
