Nestled in the picturesque north of Malaga, this plot of land offers a prime opportunity for townhouse construction with breathtaking views of the city and the majestic mountains that envelop it. The potential townhouse can be designed with two floors, boasting a total area of 110 square meters, and there is even the option to add a basement or garage to suit your specific needs. This property is situated within a burgeoning neighborhood, where every structure is brand new and ready to shape the future of the community.
