Reformed Perfection Pueblo Mexicano, Duquesa is a great urbanisation in the heart of Duquesa. Established with a truly Andalusian-Vibe, this community is a short stroll of local shops, bars, restaurants and the wonderful Duquesa Marina with its popular promenade/beaches. The community has pretty meandering pathways, fantastic communal pool, restaurant/bar on the urbanisation and plenty of communal parking. Within the heart of the community is this great little penthouse property. This reformed studio apartment now offers a bedroom area, lounge, full bathroom suite and a pretty sunny terrace. Being sold furnished, this is an excellent investment for those looking to walk to everything.
